7. Highlight the filename of the file download
8. Highlight **MWA_N1MM_History.txt**
9. Click OPEN
10. Click OK
11. Done -both files are in use – Have Fun

Using MWA N1MM Call History file only:

Enter MWA member call in to callsign field results:

The screenshot shows the N1MM software window titled "14025.00 CW Manual - VFO A". The interface includes a menu bar (File, Edit, View, Tools, Config, Window, Help) and a digital clock displaying "01:55:28Z". On the left, a vertical scale for CW and PH is visible, with "20" selected. The main display area shows the call sign "N0IJ" with a checkmark. Below it are control buttons for "Run" and "S&P" (selected), and a "28" value. A grid of function buttons (F1-F12) is present, with "F4 AC0W" highlighted. At the bottom, status information includes "Grid Hdg EN46DL 17° Rev 198° 204 mi JOHN SR 13:45Z SS", a blue text prompt "Call history UserText appears here when enabled.", and a score of "No Score".

Pressing SPACE BAR results:

This screenshot shows the same N1MM software window after a space bar press. The digital clock now shows "01:56:27Z". The call sign "N0IJ" remains. The "Snt" and "Rcv" fields now both display "599". The "F2 S-P Ex" button in the function grid is now highlighted. The status line at the bottom has been updated to "JOHN - MWA - NORTH" in blue text. The score remains "No Score".
